

Joshua M. Brandt

Associate

617.646.8179

Joshua.Brandt@WolfGreenfield.com

Joshua Brandt focuses his practice on US patent prosecution and counseling in the biotechnology space. He has extensive knowledge and experience in transactional matters as well as advising organizations on issues related to commercial interactions, intellectual property, research endeavors and strategic planning.

Prior to joining Wolf Greenfield, Joshua was associate Counsel at the University of Massachusetts, where he advised all campuses on agreements related to IP and research, including clinical trial agreements, license, confidentiality, research, collaboration, joint intervention, distribution, financing and consulting agreements.

In addition, Joshua was with Partners HealthCare where he served as the senior licensing manager. He advised on and structured strategy for the Massachusetts General Hospital, the Brigham and Women's Hospital and the Spaulding Rehabilitation Network on their commercial relations and interactions for the advancement of medical and biological treatments.
